

U11 Girls 2024-25 Season Guide

TOGETHER IT'S POSSIBLE

The following serves as a guide for the 2024-25 Season for the U11 Girls age group. (Birth year - 2014).

Please note that some items on this guide are still in the works and **subject to change**.

Coaching Assignments will be made following tryouts.

PHILOSOPHY & TEAM FORMATION

- At the U11 Age Group, players begin to show higher levels of desire and motivation for the game so the emphasis is on keeping that love growing by teaching proper training methods and introducing more drills and exercises that allow the players to compete. Teaching them more about the game takes precedence over the emphasis of winning. Providing an environment where the players continue to learn and be challenged to test their skills and decision making is key.
- The team roster ideally will consist of 12-13 players.
- Players may be asked to move up for some competitions if the coaching staff believes they are ready.
